- Miami-Dade County Product Control Approved

For maximum protection and warranty coverage, install an Atlas Signature Select® Roofing System with components designed and backed by an Atlas warranty.

## SAFETY, STORAGE AND HANDLING

**WARNING:** Roofing application can be dangerous. Observe all precautions and safety guidelines in accordance with proper roofing trade practices. Minimize roof traffic. Perform regular roof maintenance in appropriate weather.

**IMPORTANT PRECAUTIONS:** Store on flat surface. Protect from weather during storage and on job site. Sealant protection tape is placed on back of each shingle and does not have to be removed before applying.

For additional safety, storage and handling instructions go to: [AtlasRoofing.com/roof-shingles/sds](https://AtlasRoofing.com/roof-shingles/sds)

## INSTALLATION AND SPECIFICATIONS

For warranty installation instructions go to: [AtlasRoofing.com/roof-shingles/stormmaster-shake-shingles](https://AtlasRoofing.com/roof-shingles/stormmaster-shake-shingles)

For detailed installation and complete 3-part specifications go to: [AtlasRoofing.com/roof-shingles/specifications](https://AtlasRoofing.com/roof-shingles/specifications)

Atlas Roofing Corporation (ATLAS) warrants to you, the original owner of its shingle products, that this product is free from any manufacturing defects that materially affect the performance of your shingle during the Premium Protection Period or that cause leaks for the balance of the applicable warranty period.

\* In order to qualify for the Atlas Lifetime Algae Resistance Limited Warranty against black streaks caused by blue-green algae, installation must include StormMaster® Hip & Ridge shingles featuring Scotchgard™ Protector or Pro-Cut® High Profile Hip & Ridge shingles featuring Scotchgard™ Protector with Atlas shingles featuring Scotchgard™ Protector. To qualify for the Signature Select® Warranty, StormMaster® Shake requires the use of StormMaster® Hip & Ridge Shingles.

\*\* Refer to the Atlas Roofing Limited Shingle Warranty for all coverage requirements.

<sup>1</sup> Refer to the Atlas Signature Select® Limited Warranty for all system coverage requirements.

Scotchgard™ and the Scotchgard™ Protector logo, including the plaid design and 3M™ logo, are all trademarks of 3M.

**Weathered Wood**

**Copper Canyon**

**Morning Harvest**

**Midnight Lake**

**Grand Teton**

**Aspen Grove**

**Moonlight Beach** - Cool Color **SRI: 18\***

\*The Solar Reflectance Index (SRI) is an indicator of the ability of a roof surface to return solar energy to the atmosphere. Roofing material surfaces with a higher SRI will be cooler than surfaces with a lower SRI under the same solar energy exposure, especially on a sunny day. Using materials with higher SRI values can enhance building occupant comfort and reduce air conditioning use. For more information, please reference the Cool Roof Rating Council: CoolRoofs.org

**LIFETIME**  
limited warranty

Comprehensive warranty coverage for black streaks caused by algae, damage from high winds and manufacturer defects.

**150MPH**  
wind resistance

Protect the investment in your home against high wind roof damage with an Atlas 150 mph Wind Limited Warranty.

**Scotchgard™**  
shingle protector

Maintain your home's appearance with a roof that looks beautiful for years by resisting the black streaks caused by algae\*.

**CLASS 4**  
impact resistance

Ask your insurance agent about discounts on your homeowners insurance when you install UL 2218 Class 4 Impact Resistant shingles.

**HP42™**  
technology

Start enjoying the beauty and protection of your new roof in less time with larger, 42" shingles, which allow for a faster install.

**CORE4™**  
polymer modified technology

When you choose Atlas shingles with Core4® Technology, you can be sure that you are installing the most durable shingle on the market today.

**SYSTEM**  
eligible

StormMaster® Shake shingles qualify for the Atlas Signature Select® Roofing System and one of the best warranties in the industry.

**3M SMOG**  
reducing technology

3M™ Smog-Reducing Granules use a patented photocatalytic coating that converts smog into nutrient-rich plant food.

To provide homeowners with the most accurate representation of color options, several photo scans and house shots were utilized in various lighting conditions. Variations in lighting illustrate the color gradients on asphalt shingle roofs. Color blends vary from shingle to shingle. Before installation, consult with your contractor and request to view the actual shingles being installed on your roof to ensure confidence in your final color selection.
