

THE TOOL YOU WEAR.
COUGAR PAWS
Roofing Boots & Accessories

⚠ WARNING

YOUR COUGAR PAWS SHOES SHOULD NEVER BE WORN WITHOUT THE PAD. THIS IS A MISUSE OF THE PRODUCT. USING THE SHOES WITHOUT A PAD CAN RESULT IN A LOSS OF FOOTING, WHICH CAN LEAD TO SERIOUS INJURY OR DEATH. DO NOT USE ON WET, OILY, OR ICY SURFACES, SUCH AS SNOW; FROST; LOOSE DEBRIS OR POWDER. ALWAYS USE APPROPRIATE FALL PROTECTION, INCLUDING, BUT NOT LIMITED TO, APPROVED SAFETY BELTS, LIFE LINES (LANYARDS), AND/OR GUARD RAIL PROTECTION THAT MEETS OR EXCEEDS FEDERAL, STATE, AND LOCAL REGULATIONS.

How to attach your Cougar Paw Pad to your Cougar Paw Shoe

1. To begin - match the left pad with the left shoe. Match the right pad with the right shoe.

2. Place the Velcro (white) side of the pad against the sole of the shoe.

3. Push the pad against the sole of the shoe. This pad should fit securely on the bottom of the shoe. The pad will sit above the bottom of the boot.

⚠ WARNING

INSPECT THE SHOES AND PAD BEFORE EACH USE TO ENSURE THE PAD IS FIRMLY ATTACHED TO THE SHOE. CHECK THE EDGES OF THE PAD TO ENSURE THE VELCRO IS HOLDING THE ENTIRE PAD TO THE SHOE. IF ANY PORTION OF THE PAD IS NOT FIRMLY ATTACHED TO THE SOLE OF THE SHOE, THE SHOE MUST BE REPLACED IMMEDIATELY. UNDER NO CIRCUMSTANCES SHOULD THE SHOES BE USED AFTER FIVE MONTHS OF DAILY USE. AFTER THAT MUCH USE, THE VELCRO CAN BECOME BRITTLE OR BLUNTED, CAUSING THE PAD TO SLIP OR DISENGAGE FROM THE SHOE. YOU MUST ALSO INSPECT THE PAD BEFORE EACH USE TO ENSURE THE PAD IS NOT WORN. WHEN THE COUGAR PAW SOLE WEARS TO WITHIN ¼ INCH OF THE SHOE BOTTOM, IT SHOULD BE REPLACED IMMEDIATELY. USE OF THE SHOES WITH A WORN OR IMPROPERLY ATTACHED PAD COULD RESULT IN A LOSS OF FOOTING, WHICH CAN LEAD TO SERIOUS INJURY OR DEATH. DO NOT USE ON WET, OILY, OR ICY SURFACES, SUCH AS SNOW; FROST; LOOSE DEBRIS OR POWDER. ALWAYS USE APPROPRIATE FALL PROTECTION, INCLUDING, BUT NOT LIMITED TO, APPROVED SAFETY BELTS, LIFE LINES (LANYARDS), AND/OR GUARD RAIL PROTECTION THAT MEETS OR EXCEEDS FEDERAL, STATE, AND LOCAL REGULATIONS.

Replacement of your Cougar Paw Pad

1. The pad should be replaced immediately when the pad is worn down to within ¼ inch of the shoe bottom.
2. Pull to remove the old pad from the boot.
3. Follow the instructions above to complete the changing of your pad.

⚠ WARNING

Cougar paws products are not designed to be used as a fall protection device. Our products are designed to be used with approved fall protection rope and harness. Failure to adhere to this warning could lead to serious injury or death.
