

WeatherLock® Mat

Self-Sealing Ice & Water Barrier with SureStep™ Technology

SureStep™ Technology helps protect your roofs and the crews who install them.

WeatherLock® Mat Self-Sealing Ice & Water Barrier is designed to act as an additional line of protection against damage due to shingle blow-off, wind-driven rain and ice damming. Now with SureStep™ Technology, it protects even more.

- Patented non-abrasive surface for excellent traction that helps protect your crew from slipping
- Self-adhering, lightweight and easy-to-handle for quick installation
- Versatile, seals around fasteners and helps protect vulnerable areas of the roof

Weatherlock® Mat Self-Sealing Ice & Water Barrier is a component of the Owens Corning™ Total Protection Roofing System.™^

Protect your crew. Protect your reputation.

WeatherLock® Mat not only provides a secondary water barrier under shingles to deliver the weather protection your customers expect but also helps protect your crew during installation.

- SureStep™ Technology provides excellent traction to help protect your crew against slipping
- Self-sealing to help prevent damage associated with shingle blow-off, wind-driven rain and ice damming
- Lighter and easy to load, carry and install
- Versatile design for applications such as eaves, rakes and valleys or full roof deck coverage

The most important part of the roof? All of them.

It takes more than just shingles to protect your home. It takes an integrated system of components and layers designed to withstand the forces of nature outside while controlling temperature and humidity inside. The Owens Corning™ Total Protection Roofing System™^ gives you the assurance that all of your Owens Corning™ roofing components are working together to help increase the performance of your roof – and to enhance the comfort and enjoyment of those who live beneath it.
