- Ladder fits up to a 4' tall parapet wall
- Locking chain for ladder securement
- Fits all commercially rated temporary ladders
- Made in U.S.A.

Tie Down Safety is the leading manufacturer of ladder safety systems. The newest innovation, the 3 Piece Ladder Safety Dock, establishes a safe and consistent access point for temporary ladder use. The 3 Piece Ladder Safety Dock is installed on a parapet wall where access to the walking surface is needed. The non-slip ladder rungs and steel handholds allow for safe traversing over the edge of a parapet wall. Tie Down Safety maintains high standards and quality controls using quality raw materials and component parts made in the USA.
